

Daring Karma: Threads of Fate, Book 2

For six months, Karma and Nash have carried on a relationship via text after one night together. When he dares her to come to him in New York, she surprises herself by accepting. She has three weeks with him, and at first, that seems like enough. It isn't long before they both start feeling more than they had expected, but can there be more between a small-town Kansas girl and a commitment-shy New Yorker?
