

These four stories are over 28,000 words and tell the stories of sissies whose crossdressing past catches up with them. Summer Reunion is the story of a writer who was feminized by a group of girls every summer of his youth at his parents beach house. Now as a successful adult, he returns to the beach house and finds that they're in the cottage next door. Is this coincidence or something else? How will he ever keep his fiancée from finding out about his past. Originally, this story was released in two parts. Forced Feminization: A Love Story is about a lifelong crossdresser who believes his relationship is over when his girlfriend walks in on him all dressed in her clothing. He may just get more than he ever bargained for and maybe more than he ever dreamed. Reunion tells the story of a young executive who seems to have made it before his thirtieth birthday. He's rich and powerful, but when he attends his ten year high school, he learns that you might be able to go home again, but you really shouldn't. All of these stories are by best-selling author Kylie Gable and individually cost \$11.96. There are over 28,000 words in this volume about feminization forced and otherwise, female domination, bondage, humiliation, cuckolding, forced bi, and a loving monogamous relationship.(How did that get in there?)
