

## This 2 is Love

Love is the interdependence between all things, it is the very fabric of creation. We often think of love in terms of intimacy, sexuality, nurturing, friendship, familial, but this author posits that the raging storm with thunder roaring and lightening flashing is also love. That the lions fangs sunk into the exposed throat of the deer is also love. So when you wake to blackened skies and thunderous rains say not oh what an awful day say instead this 2 is love.
