

Organized by subspecialty, this case-based review covers all the information students are expected to learn during their internal medicine clerkship. Each topic begins with a brief patient history and a question about the most likely diagnosis or next step in management followed by a discussion of alternative diagnoses and management strategies. The user-friendly approach includes numerous algorithms, images, mnemonics, and tables. A companion Website will offer the fully searchable text.

Imperialism and The Tracks of Our Forefathers, and so the stories told, Le Roi amoureux (French Edition), 1998 Dodge Stratus Owners Manual, The Law of Evidence in Civil Cases Pocket Edition (Jones On Evidence), Starlight in the Ring,
