

Panzerwrecks 14 - Ostfront 2

This is the second volume of Panzerwrecks dealing solely with German armor on the Russian Front from 1944-45. Photos are printed in large, landscape format, usually one to a page, and have detailed captions describing the who, what, when, and where for each image. Subject matter includes Hungarian and Bulgarian armor in addition to the usual Panther, Tigers and Panzer IVs. Self-propelled guns, StuGs and SPWs round out the book.
