

## Perennial Waters: Poetry Straight From The Source

Perennial Waters runs through all, flowing within the deepest corridors of Time, Imagination, and Nature. This collection of poetry is restless; out of the fundamental longing of the heart it was founded on the idea of wanting to be truly limitless. Ultimately it moves to find distinction and peace throughout any circumstance that life may place. From gentle dreaming to great desire, by baptisms of fire to the dawns of sweet arrival; lift up your anchors and may Perennial Waters take you to wherever you would like to travel.
