

Renata & Other Poems (English and Portuguese Edition)

Poetry. Latino/Latina Studies. Translated from the Portuguese by K. David Jackson. RENATA & OTHER POEMS introduces readers to Renata Pallottini's world of organized anarchy in a stunning bilingual volume. Bringing the reader to an entirely new understanding of the personal and the political, Pallottini erases the artificial demarcation between the heart and the brain, between the real and the imaginary, between the sophisticated and the simple. While Pallottini is undoubtedly very Brazilian in her worldview and sensitivity, any so-called cultural differences do not play a role in a reader's perception of her work. Pallottini's poetry gives breath to the very essence of Brazilian life, indeed, of life in general.
