

ASaint: Unlawful Sexual Relations (ASin, ASaint, and ABlessin Book 2)

The characters of ASin, ASaint and ABlessin are back and this time; everyone is on a mission! Nothing is stronger than the love ASainte has for her brother Dave, until she falls head over heels in love with Bless James. When the love for two men pulls ASainte in two different directions, which will she ultimately choose? One, they were birth from the same womb, the other they share the same heart, both means the world to her; unknown to her, she shares a lot more in common with Bless than either of them will bargain for. Bless the love of her life feelings are identical to hers even when it comes to his brother ASin; ASin is his name, his mastermind resulted in the attempted murder of her brothers life. Sworn to secrecy ASainte is unable to share with Bless the reasons for her weeks of absentness, which allows Bless to seek comfort in Creme, a local stripper employed at Cheeks lounge. Bless is the only support his mother has on her road to recovery meanwhile Bless still has a dream of becoming the heavy weight champion of the world. Will all that surrounds him cause him to lose focus in the one place he should guard himself at all times? Sunshiny has been the ray of light ASin thought he needed, until Bella was kidnapped by one of their rivals. ASin pleads guilty to love, fueled by the love for both Bella and their unborn seed ASin will stop at nothing to get the chance to express his love to Bella. Him and Da Crew must now lock and load up on a mission of pure bloodshed. Sunshiny never expected something she spoke into the universe to come back. Will she live up to the words she gave life to, or will the gloves come off and her dark side reveals shes been a sheep in wolf clothing? When all these different worlds collided ASAINTEs decision will impact everyone whos involved. When gambling on the game of love, someone will learn the deadly lesson you lose some you win some.
