

Shakespeare in the Theatre (Classic Reprint)

Excerpt from Shakespeare in the Theatre The interdependence of Shakespeares dramatic art with the form of theatre for which Shakespeare wrote his plays is seldom emphasized. The ordinary reader and the everyday critic have no historic knowledge of the Elizabethan playhouse; and however full the Elizabethan dramas may be of allusions to the contemporary stage, the bias of modern dramatic students is so opposed to any belief in the superiority of past methods of acting Shakespeare over modern ones, as to effectually bar any serious inquiry. A few sceptics have recognized dimly that a conjoint study of Shakespeare and the stage for which he wrote is possible; but they have not conducted their researches either seriously or impartially, and their conclusions have proved disputable and disappointing. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
