

The Sanctuary

Oliver is in the business of shopping for indentured servants. His home is in Wales. His search takes him on a journey to America and the slave trade. Will he be able to pull off getting the servants he requires? Does he have it in him to stand by and watch people being sold like cattle? Bella is a slave during a time when bondage, abuse and beatings were normal practice on the plantation. Unfortunately, Bella is sold to Oliver along with several others. She doesn't know it yet but her life is about to change... so is Oliver's. Can Bella learn to trust or will the remembered abuse keep her from her true freedom. The one that is within her control. The freedom within.
