

They say blood is thicker than water, but you bleed when you get cut. Tron wants what Monroe has, her drug cartel. With the same blood running through their veins, they both feel entitled to run the streets of Detroit. Monroe isn't so easy to give up her throne and Tron isn't taking no for an answer. Tron does the unthinkable in hopes that she doesn't find out. Will Monroe find out? Will they go head to head or work out a deal? With Rico by her side, nothing can go wrong. But what if he's in it to take it all himself? Deceptions and distractions invading their paths, the two love hard and continue to prove everyone wrong. But will the weight of competing for Detroit cause confusion and chaos in their relationship? Or will it only make them stronger? Even after infidelity, Deno and Jayme remain the strong couple everyone sees them to be. Getting married and having a beautiful baby girl, life is like a fairy tale for the two. What's the worst that could happen? But Deno ends up at the wrong place at the wrong time, not knowing his life could be in jeopardy. Will this be the end or beginning for the two?
