

When a Boss Falls in Love

Meadow, Maci, and Melina were three sisters who didn't want for anything because they were born into money. None of them needed a man to give them anything but love; yet each of them had standards that no man could measure up to.

Meadow who is the oldest of the three gave up on men her freshman year in college when her ex cheated on her; causing her to lose focus and ending up on academic probation. She swore men off for the next few years because of it. Now that she's graduated, she decided to find someone to occupy her lonely nights. The man she falls for is a Boss with a secret that can destroy everything he was trying to build with her. Melina found her knight and shining amour; however when she reveals something that she's been holding to he will turn his back on her, leaving her with a broken heart. Maci is the youngest of the crew who is finally finished with high school and finds herself falling for her first bad boy. He is a few years older but can't seem to get enough of her and vows to make her his no matter what the cost. These three sisters will take you on a ride with them and their men that will have you wondering what the hell just happened.
